

BABATUNDE RAAJI

DATA ANNOTATOR & ANALYST | QUALITY DATA SPECIALIST | AI DATA TRAINER | MULTIMEDIA TECHNOLOGIST

Lagos, Nigeria | tundeathanda@gmail.com | <https://linkedin.com/in/babatunde-raaji-04b175165>

CAREER SUMMARY

Detail-oriented and results-driven **Data Management, Data Annotation, Transcription, and Quality Assurance professional** with over 5 years of experience handling, organizing, reviewing, and analyzing large volumes of data and digital content. Proven ability to maintain **98.7% QA accuracy** across **1300+ AI annotation projects**, with experience spanning data entry, transcription, data labeling, quality control, information management, and AI/ML data preparation.

Skilled in reviewing datasets for accuracy and consistency, identifying errors and inconsistencies, maintaining structured records, transcribing and processing large volumes of audio, and applying detailed quality standards to support reliable data-driven outcomes. Experienced with tools including **Labelbox, Praat, Audacity, and CVAT** with a strong ability to quickly learn new platforms, workflows, and data management systems.

Completed **2,000+ hours of audio transcription, annotated 5,000+ images, and edited 200+ videos**, demonstrating exceptional attention to detail, analytical thinking, consistency, and deadline management. Comfortable working independently or collaboratively in remote, fast-paced environments while handling confidential information and maintaining high standards of accuracy.

Brings additional expertise in multimedia production and digital content management, providing a strong combination of **data accuracy, analytical judgment, technical proficiency, quality assurance, and digital content expertise** applicable to Data Management, Data Entry, Transcription, Marketplace Data Analysis, and Quality Assurance roles.

EDUCATION AND CERTIFICATION

Bachelor of Science in Film and Movie Production | National Open University of Nigeria

Degree obtained April 2025

- Distinguished member of university's Media Society
- Relevant coursework: Film Analysis and Criticism, Digital Editing and post-production, Media Management.

Diploma in Multimedia Technology | LENS Polytechnic

Degree obtained June 2018

- Relevant coursework: Computer Fundamentals, International Communication and World Media Systems.
-

CERTIFICATIONS and SKILLS OBTAINED

Advance AI Data Trainer – May 2026

AIDRA Labs

Understanding the fundamentals and key principles of training AI is essential for influencing the future. It's important to grasp concepts such as RM, STF, RLHF, and RAG to address current needs effectively.

Fundamentals of Machine Learning and Artificial Intelligence - June 2026

Amazon Web Services (AWS)

AI is the broadest concept, containing ML. Deep Learning (DL) is a specialized sub-branch of ML using multi-layered artificial neural networks (inspired by the human brain).

Core Skills: Reinforcements Learning, Generative AI, Supervised Learning, Retrieval Augmented Generation.

Data Annotation Expert – October 2023

BHI - Beyond Human Intelligence.

Professional Data Annotation and AI Labeling Training Program. Enhance expertise in both foundational and advanced methodologies essential for data preparation within Artificial Intelligence and Machine Learning systems.

TECHNICAL SKILLS

Data Labeling | Data Annotation | Video, Audio and Image editing | Data Transcription | Constructive AI | Generative AI | Project management | Text Formatting | Video and Text Segmentation | AI Data Annotation | Data Entry | Administrative Support | Data Labelling | Critical Thinking | Time Management | Problem Solving.

WORK EXPERIENCE

Data Annotator & AI Data Trainer

Independent / Contract Projects | Remote

2022 – Present

- Completed **1300+ AI data annotation and data processing projects** across image, audio, video, and structured data workflows.
- Annotated and reviewed **5,000+ images** for classification, object identification, semantic labeling, and dataset preparation.
- Achieved **98.7% quality assurance accuracy** through systematic data review, error identification, correction, and validation.
- Performed detailed **data quality checks** to identify missing information, inconsistencies, duplicate entries, incorrect labels, formatting errors, and annotation discrepancies.
- Applied project-specific **annotation guidelines, taxonomies, labeling standards, and quality-control procedures** to maintain dataset consistency.
- Used platforms and tools including **Labelbox, Praat, CVAT and Audacity** for data annotation, audio analysis, transcription, and quality review.
- Interpreted detailed task instructions and converted complex guidelines into consistent, repeatable data-processing workflows.
- Performed **data categorization, labeling, verification, validation, and organization** across multiple project requirements.
- Maintained structured digital records and organized large volumes of project data for efficient retrieval, review, and delivery.
- Worked independently in remote environments while meeting productivity, accuracy, and turnaround-time requirements.

- Adapted quickly to new annotation platforms, datasets, workflows, quality standards, and project-specific instructions.

Data Management & Quality Assurance Specialist

Contract / Freelance Projects | Remote

2022 – Present

- Managed and processed large volumes of digital information while maintaining high standards of **accuracy, completeness, consistency, and organization**.
- Performed **data entry, data verification, data cleaning, record updating, and information validation** across project datasets.
- Reviewed source information against entered data to identify and correct errors, inconsistencies, missing fields, and formatting issues.
- Conducted systematic **quality-control checks** before submission to ensure data met defined project specifications.
- Organized structured and unstructured information into standardized formats for easier analysis, reporting, and downstream processing.
- Maintained accurate records and ensured information was properly categorized, labeled, and stored.
- Identified recurring data-quality issues and applied corrective measures to reduce errors and improve workflow consistency.
- Followed strict **standard operating procedures (SOPs)** and project guidelines when processing confidential and sensitive information.
- Prioritized multiple assignments according to deadlines, workload, complexity, and required quality standards.
- Collaborated with remote teams to resolve data discrepancies, clarify task requirements, and maintain consistent project outputs.
- Supported AI/ML data preparation through **data labeling, validation, classification, transcription, and quality assessment**.
- Demonstrated strong attention to detail when working with repetitive, high-volume, and accuracy-sensitive datasets.

Data & Digital Content Quality Specialist

Freelance / Contract Projects | Remote

2023 – Present

- Processed, reviewed, categorized, and quality-checked large volumes of digital assets and structured information.
- Completed **200+ video processing and editing projects** while applying strict file, content, naming, formatting, and quality requirements.
- Reviewed digital assets for completeness, accuracy, consistency, and compliance with defined specifications.
- Organized large collections of digital files and maintained structured workflows for efficient retrieval and processing.
- Supported data-oriented projects requiring **classification, labeling, verification, content review, and quality control**.
- Maintained productivity and accuracy across multiple concurrent assignments with strict deadlines.
- Applied strong analytical judgment when evaluating content against predefined standards and instructions.

- Used **Adobe Premiere Pro** and other digital tools to process, review, and manage high-volume digital content.
- Combined technical proficiency with strong attention to detail to deliver consistent, accurate, and quality-controlled outputs.

Transcriptionist & Audio Quality Assurance Reviewer

Freelance / Contract | Remote

2023 – Present

- Transcribed **2,000+ hours of audio content** across diverse recordings and project requirements.
- Produced accurate transcripts while maintaining correct **spelling, punctuation, formatting, speaker identification, and timestamps** where required.
- Reviewed transcripts against source audio to identify omissions, incorrect words, speaker errors, formatting issues, and transcription inconsistencies.
- Performed **audio quality assurance** and corrected transcription errors before final delivery.
- Used **Praat and Audacity** for audio review, waveform analysis, playback, segmentation, and quality verification.
- Followed detailed transcription conventions and client-specific style guidelines to ensure consistent output.
- Processed large volumes of audio efficiently while maintaining accuracy and meeting strict delivery deadlines.
- Identified unclear speech, overlapping speakers, background noise, and other audio factors affecting transcription quality.
- Applied systematic review processes to improve transcript completeness, accuracy, and consistency.
- Maintained confidentiality when handling project files, recordings, transcripts, and associated information.

Videographer & Editor [Intern] | OETV, Lagos

2018- 2019

- Creation, editing, and publication of engaging visual news content across digital platforms
- Video production, compelling storytelling and scriptwriting.
- Videography, News and event coverage, photography, offline and live editing.

Media Manager | Market-Gain Financial Tech & Investment LTD

2020- 2021

- Lead Video, Audio and Image Manager
- Directing the production of all social media advertisements, promotional videos and visual designs.
- Collaborated closely with marketing and content teams to develop innovative campaigns, manage content schedules, and maintain visual standards.
- Strong leadership, project management, storytelling, and technical editing skills.

PROFFESIONAL STRENGTH AND INTRAPERSONAL WORK SKILLS:

- ❖ **Problem Solver:** I excel at identifying challenges, analyzing information, investigating errors, and implementing practical solutions that improve data accuracy, workflow efficiency, and productivity. I approach complex tasks methodically and remain focused on delivering accurate and measurable results.
- ❖ **Performs Exceptionally Well Under Pressure:** I consistently manage high-volume workloads and meet strict deadlines without compromising accuracy or quality. My ability to remain organized, focused, and detail-oriented enables me to successfully prioritize multiple assignments and deliver reliable results in fast-paced environments.

- ❖ **Team Collaboration:** I communicate effectively with colleagues, supervisors, clients, and project stakeholders while contributing to productive team environments. I collaborate effectively on data annotation, transcription, quality assurance, and AI/ML projects while maintaining clear communication and shared quality standards.
 - ❖ **Independent Contributor:** I am self-motivated, dependable, and capable of managing complex responsibilities with minimal supervision. I take initiative, adapt quickly to new platforms and processes, follow detailed instructions, and consistently deliver accurate results in remote and independent work environments.
 - ❖ **Technical & Data Proficiency:** Proficient in data annotation, data entry, transcription, data validation, quality assurance, and digital information management. Experienced with Labelbox, CVAT, Praat, Audacity, Adobe Premiere Pro, and Adobe Creative Cloud, with the ability to quickly learn new software, platforms, and project-specific systems.
 - ❖ **Analytical & Critical Thinking:** Developed strong analytical and critical-thinking skills through extensive experience reviewing, classifying, validating, and processing large volumes of data. Experienced in annotating **images, videos, audio, and text** for AI and machine learning workflows, identifying inconsistencies, correcting errors, and applying defined quality standards.
 - ❖ **Communication & Teamwork:** Possess strong written and verbal communication skills developed through collaboration across multidisciplinary data, AI, content, and technical projects. Skilled at interpreting instructions, communicating findings, coordinating tasks, resolving discrepancies, and maintaining professional relationships with colleagues, clients, and stakeholders to achieve project objectives.
-

ACHIEVEMENTS

- Maintained exceptional accuracy while processing high-volume data.
 - Successfully managed confidential information with professionalism and integrity.
 - Recognized for strong organizational and multitasking abilities.
 - Demonstrated consistent reliability in meeting deadlines and productivity goals.
 - Adapted quickly to new technologies, software platforms, and changing project requirements.
-

INTEREST

Detail-oriented and results-driven professional with experience in **data annotation, data management, transcription, quality assurance, data analysis, and AI/ML data training**. I am seeking an opportunity to apply my strong analytical thinking, attention to detail, accuracy, and technical skills in a data-focused organization. With experience completing **1300+ AI annotation projects, transcribing 2,000+ hours of audio, annotating 5,000+ images, and achieving 98.7% QA accuracy**, I am committed to delivering reliable, high-quality results while meeting strict deadlines. I am eager to contribute to a collaborative organization where I can support data-driven decision-making, improve data quality, and continue developing my expertise in data operations and emerging technologies.

PROFFESIONAL ATTRIBUTES

Detail-Oriented - Organized - Reliable - Analytical - Adaptable - Fast Learner - Customer-Focused
Self-Motivated - Professional - Ethical - Deadline-Driven - Technology Proficient.
